Citizen applauds Human Relations Commission's stance on Tenants bill of rights"

Wayne E. Parthun Apr 2, 2018

Bravo, Bravo, Bravo, and a pat on the back to the Hopkinsville-Christian County Human Relations Commission for their stand and inferred action to revise the city's landlord/tenant ordinances.

I have written several times to the New Era and even talked to the Mayor and one of the councilman on why we do not have an equitable "Tenants bill of rights". I was referred to the "Basic Property Maintenance Code".

Hopkinsville is the only municipality that has not adopted the URLTA, the Uniform Residential Landlord and Tenant Act, why? An inspection is ONLY made, in rental property, after a complaint is made. Why not before it is rented?

Again, Bravo HRC.

Wayne E. Parthun
