

Allows our community to:

- ◆ Invest in itself to create a better quality of life for current residents
- ◆ Create infrastructure that makes us more attractive to potential new residents and visitors alike
- ◆ Create more connectivity between our parks and recreation amenities, downtown, and our neighborhoods improving livability, transit and safe routes to school
- ◆ Offer more for young people and families in parks and facilities
- ◆ Better compete for the disposable income of sports tourism, traveling teams and competitions
- ◆ Improve our overall health and wellbeing which leads to a better, healthier, happier and more productive community
- ◆ Continue to complement downtown historic preservation and inner-city revitalization investments
- ◆ Put our best foot forward as we get ready for the 2017 Solar Eclipse
- ◆ Promote agricultural industry which drives \$1.8 billion annual local economic impact
